INTERNSHIP

WEB DEVELOPMENT INTERN | PLASMID

2024/08 - 2024/10

- During my internship at Plasmid, I expanded my skill set and enriched my portfolio by working on diverse projects. I collaborated closely with experienced developers, gaining valuable insights and guidance, which accelerated my technical growth and professional development.

WEB DEVELOPMENT INTERN | VAULT OF CODES

2023/11 - 2023/12

- During my internship at Vault of Codes I had the privilege of acquiring new skills and enriching my portfolio. I was fortunate enough to work on a diverse range of projects and had the invaluable opportunity to learn from experienced developers, gaining insights from their expertise.

MINI-PROJECTS

- **volume control using hand gestures***: This project uses Python with OpenCV and MediaPipe to detect hand gestures via a webcam, enabling users to control the volume by recognizing specific gestures, such as hand distance. The detected gesture data is mapped to volume levels using a library like pyautogui for real-time adjustments.
- **Responsive Web Page**: This project builds a responsive web page using HTML for content, CSS for styling, and JavaScript for basic interactivity, adjusting layout smoothly across different screen sizes.
